The Holstein calf advertised in last week's issue of the Mist, which was donated by Albert Johnson for the benefit of the Red Cross work, sold for \$150. A man in eastern Oregon purchased the calf.

A new bridge is being built on the logging road directly west of the tower. This keeps the trains from running through to Scappoose. Passengers and freight have to be transferred.

C. H. Keys, while on his way to

work at the Scappoose Lumber Co.'s plant Tuesday morning, in going through a barbed wire fence between his own and the Heimuller place, caught his left leg in the wire, which cut quite a gash just below the knee. He is sitting by his fireside this week reading the news, and when he goes anywhere practices the hobble.

A family reunion was held at the home of F. D. Kammeyer, at South Scappoose Sunday. Those present were Leala Ziesman, Sophia Ziesman, Hilda Ziesman, Lillian Ziesman, Josephine Ziesman, Mrs. Jim Grant, Ernest Ziesman and Julius Ziesman. The father, Lefe Brown, is suffering from an attack of appendicitis. He was taken to a Portland hospital Monday.

Elmer Smith, who suffered fractures of two ribs in January while in the employ of the Scappoose Lumber Co., now working for the S. Ban Lumber Co. near Burlington, while carrying a heavy keg of nails one day last week, let it fall and fell on it in some way and splintered another rib. Dr. Hatfield put him in a supporting case and he went back to work Monday morning and is doing foreman work in the carpenter line. He just stands around and bosses.

Roy, the little 3 years old son of S. F. Goodell, has been seriously ill this week. The family lives up Chapman way, and the logging road being out of commission on account of repair work going on near the semaphore Dr. Hatfield has been making daily trips there on horseback. He says it seems quite natural, but if the roads were as good from Scappoose to Parson's, he thinks the automobile would be preferable.

The Parent-Teachers' association held a very interesting meeting Friday evening in the high school building. Mr. Down gave his talk first on school garden work, also a short one on biology. Prof. Dodson suggested the manual training boys build bird houses and offer a prize for the best work. A collection will be taken at the next meeting for the prizes. F. W. Boesel is one of the latest milk producers to add thoroughbreds to his herd. He has purchased a fine Holstein and two calves.

P. H. Lund and J. A. Erickson are the latest chauffeurs in Warren, each having just purchased a new automobile. O. A. Erickson took them to Portland and they came home in their new machines Sunday.

The inspection of fruit trees this spring has begun. Columbia county raises some excellent fruit but very few orchards are carefully tended. Some new orchards are being set out and some are just coming to bear. It is hoped co-operation will be given the inspector, as he will meet the orchardist more than "half way."

Ross Spaulding, formerly of Warren but now of Washington, spent a couple of days in Warren visiting friends. Accompanied by his brother Roy, he left last week for Puyallup, Wash., to visit their parents, Mr. and Mrs. C. Spaulding, who recently moved there from here. They report their parents highly pleased with their surroundings and location. Mrs. Spaulding was formerly lecturer of the Grange and has host of friends here.

The Warren Cow Testing Club reports some mighty good records. Recently John Farr made his first venture in purebred Holstein cattle. One cow, Senna J. 2nd Paul Dekol, purchased at auction sale for \$525 as a 9 year old, gave during February 2325 pounds of milk with a 3.6 per cent test or 83.7 pounds of fat. Oregon Darkness, purchased from the Frakes herd at \$225, gave 1891 lbs. milk tested 4.2 per cent fat and made 79.4 lbs. fat. The third cow also bought from the Frakes herd but whose name we do not have, at \$600, milked 2179 lbs. milk with a 4 per cent test, making 86.8 lbs. of fat. The first cow is the mother of two heifers in the Bishop herd with 7 day records of 28 and 29 lbs. of fat, and she brought Mr. Farr a fine bull calf worth several hundred dollars. The other two cows each dropped a fine heifer calf giving Mr. Farr a fine start.

February had only 28 days, but with milk selling at \$3 per 100 lbs. these cows will bring over \$60 each, or with an average of 83 lbs. of fat at 50 cents per lb. they brought in

\$41.50 each during the month, besides nearly a ton of skimmed milk for the hogs.

A very important business meeting of the Grange was held Saturday night at which matters of great moment were disposed of. Among the important ones was the warehouse proposition, on which the committee in charge unanimously advocated its establishment. Action by the Grange was requested and resulted in that body endorsing the erection of one. Further action will be taken at an open meeting to be held on Saturday evening, March 30. The standing committees for the year were appointed by Master Albert Freeman as follows: Auditing, K. F. Larsen, J. A. Bacon, O. E. Erickson; purchasing, Gus Isaacson, John Josephson and A. Benson; finance, A. H. Tarbell, F. W. Boesel and Joseph Erickson, Jr.; membership, A. L. Morris, A. L. Larson and Mrs. J. A. Bacon; legislative, C. M. Hyskell, A. H. Tarbell and A. L. Morris; sick, F. A. Hoyt, Carl Rylander and Mrs. N. F. Baker. Social evening on March 23 will be the cause of much merriment as the members will be called upon to give the most amusing experience in their lives. The men will supply the cake for refreshments, and it is expected that many of them if cooked by the men will be indigestible or indestructible. Five new names were submitted for membership, among them C. R. Miller, Mrs. Emma Miller and Miss Margaret Miller.

Three more stars belong on the Deer Island service flag—Ray Elbon, who when last heard from was on a submarine; Dick Barcus, and a third boy known to the camp as "Curley" but whose name we have not as yet obtained.

Twenty-two friends and neighbors quietly gathered at the home of Mr. and Mrs. Chas. Brown last Tuesday evening in compliment to Miss Wunch, who expects to leave soon for her home in the east. The party was a complete surprise, and a happy time was spent by those present. Musical numbers by Miss Davis, Mr. Freeman and Mr. Brown added greatly to the pleasure of the evening while games entered into with zest provided much merriment. Miss Wunch has made many warm friends during her visit here and we all hope to again welcome her to Deer Island.

The Woman's Club held its regular monthly meeting March 13 at the home of Mrs. Bert Adams. The day was very busily spent planning and working upon a log cabin comfort which will later be disposed of for the benefit of our soldier boys. Mrs. Adams entertained part of the club all day and all of those present in a very delightful manner. There will be a special meeting Thursday afternoon, March 21, in Artisan hall, to work upon the comfort. Bring wool-

en pieces, scissors and thimbles. The next regular meeting will be April 10, at the home of the president, Mrs. M. J. Mills.

The Pneumonia Season.

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it.

American Trade With Russia

In spite of unsettled conditions, the total American trade with Russia amounted to \$438,000,000 in 1917, a decrease of only \$39,000,000 as compared with 1916. This decrease was in the trade with Asiatic Russia and is attributed to congestion and import restrictions at Vladivostok.
